

Interested in hearing more about our Corporate VIP Program?

Research has consistently proven that productivity and performance are all positively impacted when employees are healthier. But, if your organization is like others, over two thirds of your employees are overweight, with one out of three now considered obese.

The American Journal of Health Promotion finds **obese employees incur more than double the amount in health care, an average of \$8067, in worker's compensation and short term disability costs than normal or healthy weight employees.** The following is an exciting opportunity to help improve your employees' health, and at no cost to your organization.

People who are overweight or obese increase their risk for developing the following conditions: Type 2 diabetes, High blood pressure, Coronary artery disease, High cholesterol, High levels of triglycerides (fat) in the blood, Heart failure, Respiratory problems (such as sleep apnea), Circulatory problems (such as varicose veins), Gallbladder disease, Breast cancer (after menopause) and endometrial cancer, Prostate cancer, Colorectal cancer, Osteoarthritis, Depression, bipolar disease, and agoraphobia.

As the pre-eminent, medically-supervised weight loss company in Central Florida, we would like to help you and your employees with a **turn- key employee benefit** that will assist in attaining your employee's weight loss goals that they, or their physicians, have set.

As a Corporate VIP, your employees, and their spouses, would receive a 20% DISCOUNT on their "Start Up" and 15% OFF all natural products (excluding medications).

How turn-key? We'll also provide:

Educational presentations – ex: The Correlation Between Stress, Sleep and Weight.

An info letter explaining our program that you can email directly to your employees and upload to employee portal
Promotional Material

A direct line, via phone or email, to our corporate alliance specialist to answer any questions, provide information, or address any concerns.

Be sure to check out our FB page at www.facebook.com/TransformationsMedicalWeightLoss.

Below are our lists of Benefits and all that's included in our Start Up appointment

The Benefits:

- Founded in 1987
- Licensed medical professionals
- Real grocery store food – no prepackaged foods
- We've helped over 147,000 Central Floridians reach their weight loss goals
- Seven Central Florida locations, with one in Melbourne and one in Tampa
- No Contracts
- No Restart Fee
- Personal Consultations
- Convenient hours (opens at 7am)
- No appointments necessary (after the start-up visit)
- No reoccurring membership fees

"Start Up" appointment includes:

- Office Visit (no costs for any additional visits afterwards)
- Extensive Lab Work – Complete Blood Count, Thyroid Panel with TSH, Lipid Panel and a Comprehensive Metabolic Panel
- Diet and Nutrition Consultation
- Physician Review and Approval
- Lifetime Membership and Maintenance
- Two (2) Week Supply of HCG
- Two (2) Week Supply of Appetite Suppressants
- One (1) Week Supply of Natural Chromium
- One (1) Week Supply of Natural Multi-Vitamins
- One (1) Week Supply of Natural Calcium
- Three (3) Serving of Natural Slim Mate Tea

**Your employee's "Start Up" cost for all the above, will be just \$164! A savings of \$41!
Plus, they'll receive 15% off all or our Natural Products (excluding medications)!**

And how much after the “Start Up” appointment?

During your employees initial visit, it will be determined which parts of the program will be the most beneficial for them, and that will dictate the amount of their weekly fee. The weekly fee has a broad range (\$15 - \$65) in order to accommodate their personal budget.

I look forward to speaking further with you about your company, your needs and goals - and how can best assist you.

Please send me an email or give me a call at 352-222-0752 to request an appointment.

Sincerely,

Kate Corbin
